

## Meet & Greet BBQ

On May 25<sup>th</sup> 2017, the new SPE board members organized a barbecue free for everyone to join. In front of this event we went to a few lectures to introduce ourselves and the SPE Student chapter to the students of our department. At the end around 35 people attended and enjoyed the barbecue despite moderate weather. We want to thank everyone who was present and hope that a lot of them will find the way to the SPE!
