

Campuslauf

On Wednesday 17th of May, our chapter participated in the annual Campuslauf, organized by the TU Clausthal. The Campuslauf is the annual running event at our university. Despite the fact that our participation further declined compared to the last year, our chapter has been one of the biggest groups participating in this challenge. The results was the 3rd place in the teamranking. After the miserable weather last year, best weather conditions helped to proceed this event to go according the plan. All of us hope that in the future we may encourage more people to participate to bring the title back to our chapter. So keep it in mind for the next year. Nevertheless, we want to thank all fellows for their attendance.
