

The 78th EAGE Conference & Exhibition 2016 – <30.05.2016 – 01.06.2016>

Students from the different departments of the Petroleum Engineering Institute took part at the conference presenting their research and giving an outstanding impression. Five presentations out of 102 for the Student Programme were given by TU Clausthal delegates. The best student submission to the EAGE Annual Meeting 2016 was given to one TU Clausthal student. Mr. Rock obtained the distinction of Best Student Paper with the paper “Pore-scale Visualization of Polymer Viscoelasticity Using Particle Tracing in Glass-Silicon-Glass Micromodels”. His paper was published in the First Break Magazine from July 2016.
